A reminder that I have a worker's comp dr. appt. tomorrow. I expect to be here by 1:30 or sooner, but it's not something I can control.

Also, I have been asked not to say anything so keep this to yourself, but I have an appointment with Supervisor Neil Derry tomorrow at 2:30 p.m. at the County Government Center. I expect it to be about a 20-minute appointment so I hope to use my lunch hour for the appointment, but again this is not something I can control.

Here's the only information I have to possibly include. Joe Sutcliffe from ISD can provide the time of the blog posting and that she posted as the Administrator.

The blog posting during County work time can possibly be added to the list, depending on County Counsel's position. Unless she can prove that Supervisor Derry authorized that she post information during or after their meeting. I'll call you tomorrow.

She was there at Supervisor Derry's request. Not much we can do no matter what time she returned if it was at his request. I did let Mark know already.

We probably should put together a list of the incidents that have occurred since her discipline....calling Dean an \*\*\*hole, calling Fred and another supervisor perverts, and any other breach we think we have.

Call me tomorrow and we can discuss with Tammy.

Without questioning her, the best we have for the timeline are the phone calls from the Board offices to Eva to estimate her time over there, to the time she posted on her blog, to the time Fred went to see her at 4:20. Fred cannot verify the specific time she left, only that her truck was not in front of her building at 3:45 p.m., and that she did not pick up her phone when he called her. When he finally went over to her work site at 4:20 p.m., she was there. Her e-mail to Fred stated that her meeting was only estimated to last 20 minutes, and would be considered part of her lunch hour. Of course, her argument will be that she was with a Board member. But, we should be able to prove that the blog posting occurred on County time.

Thanks. Just try to zero in on the timeline today. I will need to speak with Mark anyway

Hi Andrew. Fred has a specific e-mail from Sharon requesting to use her lunch hour to meet with Supervisor Derry. He is in the High Desert right now, but will send the e-mail to me when he returns, at approximately 1 p.m. Her scheduled work hours are 1:30 p.m. to 10:00 p.m., Monday through Friday. Her meeting on Friday was scheduled at 2:30 p.m. So, Fred estimates that she would have left at 2:15 p.m., and should have returned no later than 3:15 p.m. However, due to the phone calls from the Board-district offices, Fred started looking for her around 3:30 p.m., but could not confirm her returning to ARMC until approximately 4:20 p.m. Also, today, she has a doctor's appointment at 2:15 p.m., and may not be returning for the day. So, if decided, placing her on Administrative Leave may need to occur tomorrow. I'll forward you more information once I receive.

See below.

Christine....please see what you can find out about Sharon's hours today. If she worked, did she notify anyone she was going to the Government Center? Did they check on when she returned? Was Fred in today? Who supervises Sharon if Fred isn't in?

Let me know asap Monday.

Thanks.

Although I've been up there a few times this past year, today I received a real grand tour of the Fifth Floor. Wow has it changed since I worked there. It has always been nicer than any other county office, but it is way nicer than it used to be. From marble tile to TVs in every office, little expense has been spared. We definitely have a fifth floor that we can proudly say is a million bucks.

There was one other noticeable change from when I worked up there. That is apparently no one works on Fridays, at least not this Friday. As we moseyed around the CAO side, it was completely empty except for

Virginia and one other person. Mind you, this was at 3 p.m., long before closing time. No Mark and no Dean. How does the county run without one of them? Does that mean they are not really necessary to operations? (Just kidding Mark, well at least about you.) The BOS wasn't a whole lot better. I did get to talk with Trish in the First District. I didn't see anyone else there. I noticed Scott and possibly one or two other people in the Second District. Third District was almost at full staff. I even got to spend some time talking with Supervisor Derry. He answered all the questions I had, talked about some of his upcoming projects, and showed me around a bit. I also got to meet most of his staff. All were very pleasant.

I noted one person in the Fourth District, although it looked like there might be others there. As to the Fifth District, well that was the worst of them all. That is the one district without a district office, so there is no excuse. It was locked up and dark. I think there may have been someone in a cubicle from that district, but that was it. It was obvious there was no work to be done there today. I'm told it doesn't matter which Friday one visits, it's the same. Apparently, most of the Fifth Floor works 8-72s but gets paid for 9-80s.

Once some of the other corruption issues die down, time card fraud on the Fifth Floor must be addressed. It doesn't appear that many taxpayers are getting their money's worth. Certainly, they are not held to the same standard as the rest of us.
